

ONLINE AND OUTREACH PROGRAMS

Background

The Division believes there is a need to provide students an alternative to traditional school programming.

Procedures

1. All students registering in an Online or Outreach Program must have a referral form (218-1) completed by a Battle River School Division (BRSD) school administrator. If a student is not currently in a BRSD school, the Online or Outreach Program school administrator must contact the prior school's administration.
2. All students registering in an Online or Outreach Program must complete a student registration form (320-1).
3. An Online/Outreach student is expected to complete a minimum of two courses per semester.
4. An Online/Outreach student is encouraged to return to regular school programs as soon as they are ready. Some students may stay in an Online/Outreach Program to complete their high school diploma.
5. A student's right of participation in an Online/Outreach Program can be terminated for failure to comply with program expectations.
6. The Division reserves the right to place a student in an Online or Outreach Program.
